

Proposal for an Incoming Park200 Production

Park Theatre presents dramatic work by a variety of guest producers across our Park200 and Park90 stages. If you are a Producer or theatre company with a proposal that you would like considered for our programme, please read this document thoroughly before completing the relevant sections.

We are a disability confident venue so if you require a different way of accessing this process please get in touch.

Programming in Park200

Our focus is on new writing and plays from the last 150 years, with emphasis on strong narrative drive.

We aim for a breadth and variety of narratives and viewpoints throughout our season, including proportionate representation across the gender spectrum. We embrace work that is made by and tells the stories of women, ethnically diverse, working class, D/deaf and disabled and LGBTQ+ artists and characters.

We tend to favour productions with smaller casts so that budgets can be spent on looking after them properly.

Timeline

Please be aware that we are usually booked up at least six months ahead of time in both spaces. Proposals are reviewed constantly throughout the year. Please keep in mind that we are a small team and so it may take some time to hear back from us.
