## Access/Parking

Get-in access is through the front doors of Park Theatre on Clifton Terrace. There is no long stay parking, and a limited time loading area to drop equipment off.

Items coming into Morris Space must first be declared to and approved by the technical team.

There is a small passenger lift that can also be used to transport objects from the foyer to the Morris Space which is situated on the 2nd Floor.

## Layout Of Bars

The Morris Space has lighting bars running the length of the room on both sides of the room. Flood lights facing upwards to provide general wash.

## Other Lighting Specifications:

Any equipment hired or owned by the visiting company must be PAT tested prior to use in-house at Park Theatre and related paperwork must be provided.

## Equipment

- 2 x Tannoy K8 rigged at either end of the room.
- Aux cord (Mini Jack) in which to connect to Tannoy K8's

## Other Sound Specifications

Any externally sourced radio equipment used on Park Theatre premises must not infringe on frequencies used in house and/or other visiting companies. Park Theatre reserves the right to instruct visiting companies to control the frequencies of radio equipment should any issues arise. Please feel free to contact the Technical Manager for details of current frequencies used.

## Power Distribution

General local 13a power outlets are located throughout the space.

## Available For Hire

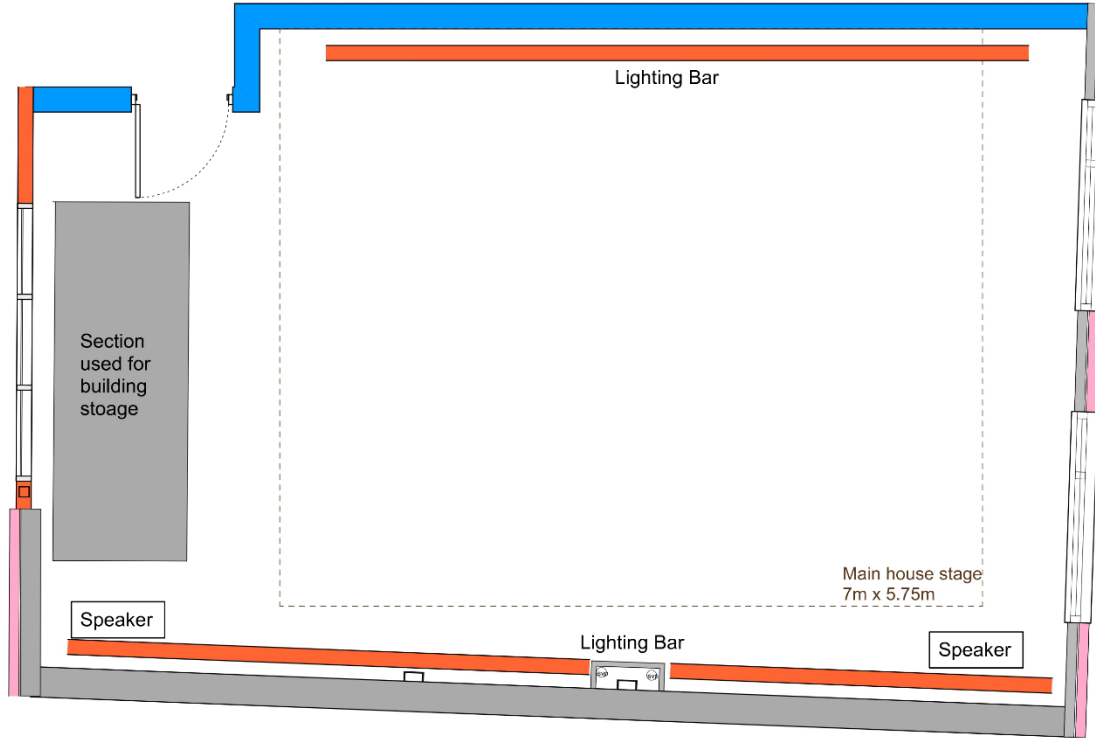

At an additional charge we can provide the following additional technical equipment (subject to availability):

Park Theatre are willing to supply a limited stock of PVC and gaffer tape at no extra charge. We also have a flip chart and paper, and chairs and tables for use as well.

Equipment
Wireless Hand-held Microphone
Sure SM58
Christie LX605 Projector
Yamaha Digital Piano

## General information

The Morris space has air conditioning, openable windows for air circulation and curtains at either side of the room to create blackout effects

**Please Note**

Lighting and  
speaker positions  
are permanent
